## \* \* \* \* \* **OFFICIAL NOTICE** \* \* \* \* \*

January 4, 2006

XXXXXXX  
XXXXXXX  
XXXXXXX  
XXXXXXX

Dear XXXX,

Jefferson County Public Health is responsible for enforcement of certain components of the revised Clean Indoor Air Act related to indoor public places (RCW 70.160.050).

We have received a second complaint that the **XXXX** may be in violation of the revised Clean Indoor Air Act related to indoor public places (RCW 70.160.050). The law prohibits smoking in all public places and places of employment and within 25 feet of building entrances, exits, windows that open and ventilation intakes.

Within the next 30 days we will be conducting random site visits to your establishment to verify compliance with the Clean Indoor Air Act. Your business can be sanctioned every day that a violation occurs. Repeated violations may result in fines, food service establishment permit suspension and/or court filings.

As you may know, 63% of Jefferson County citizens voted for I-901 which amended the Clean Indoor Air Act. We are confident that the **XXXX** will come into compliance with the law which prohibits smoking indoors and within 25 feet of building entrances, exits, windows that open, and ventilation intakes.

If you need technical assistance in complying with the law, please contact Kellie Ragan, Tobacco Program Coordinator, at 360-385-9446.

Sincerely,

Jean Baldwin, Director  
Jefferson County Public Health
